—I wish through your paper and in behalf of the Methodist Episcopal society to tender our sincere thanks to Mr. J. S. Duffie for the free use of his hall for our sociable, Rev. A. J. Holmes, Pastor.

—The annual meeting of the Brockway District agricultural society will be held at the Brockway House, Old Brockway, on Monday, May 26th, at 10 o'clock a. m. for the election of officers and other important business.

—Be sure and attend the circus to be held on the fair grounds in this place on Friday, May 30th. It is well spoken of by the newspapers. Notice the many attractions in their large double column adv. on the back page of this issue.

—The Senate has just passed, without any debate, the bill placing Gen. Grant on the retired list with the pay of a general. The bill will no doubt go through the house with a rush. Pt. Huron Daily Times. The bill should be fired out of the house with a rush.

—The Brockway Centre Expositor of last week has another attack on us and the people of Capac, but as there is no sense to it, we will let the writer rest in peace, and build the L. & U. R. R. wherever he pleases—if he can.

—Capac Bugle. There, I presume that settles it on their part. Sounds like the distant fire of a retreating foe. Glad to hear that we have the privilege of building the L. & U. R. R. wherever we please if we can. The writer of the above article from the Bugle is a conundrum, but we being largely endowed with that wonderful faculty, forgiveness, which enables us to look upon ignorance with a smile, we say nothing being conscious of the one fact that if his brains were large enough to fill a teaspoon he would be able to look at things from a more intellectual standpoint.

—The national debt is \$1,854,038,814.

—The house painters have lots of work at present.

—David Orser has his new house nearly completed.

—W. H. Palmer started for Mt. Clemens on Tuesday to take mineral baths. He has been troubled considerably of late with rheumatism.

—Manning & Rector have purchased a building, machinery and other necessary material and will start a sash, blind and door factory at this place.

—Parties having any damaged land will find a market for it at the woolen mill in this place.

51w2 C. Andree & Sons.

—News comes to us of a young man in our midst who sends the following to a young lady whom he at one time kept company with: "Please remit two dollars which I laid out on your gossamer. The time has been quite limited."

—We were wrong in saying last week that Thos. Darcy would again assume control of the carriage works in this place. Mr. Van Wagner has been failing in health but is on the improve now and may be found at the shop at all times.

—This is the season of the year when you pitch all your old tin cans into your neighbor's back yard. In the morning you wake up and find that your neighbor is "onto your racket" and has fired them all back with a goodly addition thereto.

—The Amphion for May has arrived and is filled with the usual amount of notes, chat and correspondence.

Parties studying music should subscribe for this paper. It is published by Rhoe Stephens Music Co., 184 and 186 Woodward Ave., Detroit, Mich.

—Any person planting shade trees along the property owned or occupied by such person, shall be entitled to be credited twenty-five cents upon his highway tax for every tree so planted, but not to exceed in the aggregate twenty-five per cent of such person's highway tax in any one year.

—The Capac Bugle and Brockway Expositor are quarreling over the proposed D. U. & L. R. Y. Better wait and make sure that the road will be built. Such things as railroad plans "gang at a gale."

—Pt. Gratiot Sun. This isn't one of those kind. It is a solid, substantial affair and not one that will be built out of wind and paper.

—The officers and members of the Brockway Centre Driving Park Association are requested to attend a meeting to be held at Rapley's sample room Friday evening May 16th, at 8 o'clock p. m., for the transaction of important business. A full turnout is expected. John Holden.

Jas. Wallace, Sect. Pres.

—It is common for young people, who are too wise to accept advice, to lay aside their clothing too easily, and wear their underclothes colds result. The transition from winter to spring is perhaps as manifest in the month of May as at any other time, but as long as snow and ice remain among the lakes, May will have a cold breath occasionally, therefore keep on the warm undergarments a short time longer.

—Orange Judd, Editor of the American Agriculturist for some years, but unconnected with its business management for a year or two past, has lately retired from its editorial department and located in the West. He desires to gather a complete "Postal-Card Album" of his old Readers and Friends, and requests them all to send him now a Postal giving their present location and address, naming also, when convenient, the years when they were his subscribers. Mr. Judd's address is Chicago, Illinois.

A LITTLE ADVICE

COUPLED WITH OTHER INTERESTING REMARKS ON THE ALL-IMPORTANT SUBJECT OF MARRIAGE.

"What is there in this life of life? Half so delightful as a wife. When friendship, love and peace combine to stamp the marriage bond divine? The stream of pure and genuine love derives its current from above; And earth a second Eden shows Where'er the healing waters flows."

So wrote the Immortal Cowper. And what a true picture of happy married life. As it was in Cowper's day, so it is now. Human nature is the same; the same emotions that governed people then have their sway to-day. People love and are loved, and marry the same as in time past, and will continue to do so as long as we are human beings. It is the Divine plan, it is human, it is natural.

But before matrimony we would advise all to become members of the Mutual Marriage Benevolent Association. This association is now in its second year of existence, and its success has been remarkable. It pays its members from \$250 to \$4000 upon marriage, according to length of membership. Write for circulars. Address, M. M. B. Association, Marine City, Mich.

Ward off the first attack.

Of any disease and you need never fear a dangerous condition. If those who are troubled with dyspepsia, headache, dizziness, pains in side and back, constipation, excessive flow of urine, insatiable thirst, lack of circulation of the blood, would use Parovet's dyspepsia, diabetes, kidney and liver cure they would not be in constant fear of sickness, for they not only cure diabetes, bright disease, &c., but prevent them by removing the first symptoms. Large bottles \$1.00. Sold by C. A. Wells & Co.

A Remarkable Cure of Scrofula.

William S. Baker of Lewis, Vego County, Ind., writes as follows:—My son was taken with scrofula in the hip when only two years old. We tried several physicians but the boy got no relief from their treatment. Noticing your SCOVILL'S SARSAPARILLA AND STILLINGIA, or BLOOD AND LIVER SYRUP recommended so highly, I bought some of it of you in the year 1862, and continued taking it till the sores finally healed up. He is now 21 years of age, and being satisfied that your medicine did him so much good when he used it, we want to try it again in another case, and now write to you to get some more of it.

MARY.—Who had that little lamb Has been white as snow; She always bricked them twice a day With "TRABERRY" you know.

"Hub" Cough cure, 25 cents. Prescription of a Boston physician, dispensed years by a Boston druggist. One dose will cure any ordinary cough. It acts almost magically. Ask our dealer to get you a 25-cent bottle of "Hub" Cough cure, and don't be put off with any other.

IN A FEW WORDS. We do not claim that Zepesa will cure everything, but as a Liver Regulator, and when the stomach and organs need invigorating to healthy action in case of weak digestion it will cure. For habitual constiveness, which effects the whole system and the head, to a degree that unites one for work, Zepesa acts certainly, quickly and pleasantly. Those trying it the first time are surprised how quickly it relieves the whole system; a single dose relieves.
